Summary

Aspiring Data Analyst proficient in SQL, Python, Excel, and Power BI, with hands-on experience in data cleaning, preprocessing, visualization, and dashboard development. Skilled in analyzing datasets to identify trends, generate actionable business insights, and build KPI-driven reports. Strong analytical and problem-solving abilities with a focus on business intelligence and data-driven decision-making. Passionate about transforming raw data into meaningful insights to support business growth.

Technical Skills

- **Languages:** Python, Java, C++, SQL
 - **Data Analysis Libraries:** Pandas, NumPy, Matplotlib, Seaborn
 - **Data Visualization Tools:** Power BI, Tableau
 - **Other Tools:** Git, GitHub, Visual Studio Code, Jupyter Notebook
-

Project Experience

Customer Behavior Analysis | SQL, Python, Power BI

- Cleaned and analyzed customer transaction data using SQL and Python to identify purchasing patterns and customer segments.
- Performed exploratory data analysis (EDA) and transformed raw datasets using Pandas for accurate business insights.
- Built interactive Power BI dashboards to visualize sales trends, customer behavior, and overall business performance.

Uber Trip Data Analysis | Python, Power BI, Excel

- Analyzed Uber trip data to identify booking patterns, peak hours, and customer travel trends.
- Cleaned and processed raw transportation datasets using Python and Excel for accurate analysis.
- Created interactive Power BI dashboards to visualize ride demand, trip frequency, and location-based insights.

Sales Performance Dashboard | SQL, Power BI, Excel

- Analyzed sales data to track revenue, profit, and product performance across different regions.
 - Used SQL queries to extract and transform business data for reporting and analysis.
-

Certifications

- **Ultimate Job-Ready AI-Powered Data Analytics (CodeWithHarry)** May 2026
Completed practical training in data analytics, AI tools, data cleaning, and project-based learning.
 - **Data Analytics Job Simulation (Deloitte via Forage)** Jan 2026
Completed a job simulation focused on data analysis, data interpretation, and real-world business problem-solving.
-

Education

- **VMSB Uttarakhand Technical University, Dehradun**
Bachelor of Computer Applications (BCA) Jul 2024 – Jul 2027
 - **Bihar School Examination Board (BSEB)**
Senior Secondary Examination Mar 2024
 - **Bihar School Examination Board (BSEB)**
Secondary School Examination Mar 2022
-

Additional Highlights

- Developed interactive dashboards and reports using Power BI for data-driven insights.
- Strong understanding of data visualization, problem-solving, and analytical thinking concepts.
- Active GitHub contributor with project repositories showcasing data analytics projects and clean documentation.
